

15.11.17

Dear Whanau,

We are starting to plan the curriculum delivery programme for 2018 and would love your ideas to be included. Please record any ideas, topics or interests you would like your child/ children to learn about next year on the form below and return tomorrow.

We would love our child/children to learn about...

We would also love to see those family members who feel they have some skills to share with the children, join us in class. We know there are so many of you who have wonderful experiences/skills and talents to share. These could be in any area, not only Reading Writing Mathematics.

If you are happy to be a part of our learning community, and have the time to spare, could you please write a brief description of your skills below? Thank you.

Kind Regards

Gillian Roberts
